## GLEN SPRINGS RAID KILLS 6 AMERICANS

New Conferences With Obregon and Latest Outrage Causes Critical State Again.

Special to The Democrat-Forum.

Washington, May 8.—General Scott notified the war department that conferences with Obregon will continue today, and stated that no steps have been taken to send reinforcements to the border, as no request has been received by General Funston for additional troops.

The demands on the president to call out the militia for service on the border and for much increased force to cope with the Mexican situation poured into the White House today. The outrages of Glen Springs and Boquillas plantations caused great indignation throughout the country. Texas senators and representatives are demanding action that will give the entire border an adequate guard.

**Raid Adds to Tension.**

The raid has added to the tension between this country and the Carranza government, as it shows that the Carranza statement that he controls the entire Mexican situation, with the exception of a small section where Villa is operating, is not borne out. The officials fear outrages at other points on the border.

**Did Obregon Know of It.**

El Paso, May 8.—A Juarez report says Obregon received word of the Glen Springs raid Saturday morning, twenty-four hours before the American authorities.

**17 Mexicans Were Shot.**

Marfa, May 8.—Seventeen Mexicans are reported killed and many others wounded in the Glen Springs attack. The victims were carried away by their companions.

## OLD PIONEER DIES M'FARLAND SUICIDE

MRS. CYNTHIA PRATHER MULHOLLAND CAME HERE IN 1841. MAN DESPONDENT OVER CONTINUED ILL HEALTH.

## FATHER A SLAVE-HOLDER MIND SEEMED AFFECTED

Funeral Tomorrow at 3 o'clock at Residence—Husband Prominent Physician Until His Death. Had Acted Queerly for Over a Year—Returned From Oklahoma Friday, But No Better.

Mrs. Cynthia Prather Mulholland, 78 years old, died yesterday at noon at her home, on East Fourth street. Three years ago she fell on the front steps of her home, fracturing her right hip joint, and since that time has been practically helpless.

Mrs. Mulholland was born in Herodsbury, Mercer county, Ky., in 1838. With her parents, Col. and Mrs. I. N. Prather, she came to Nodaway county before the war. Her father purchased 1,800 acres of land in White Cloud township, where he built a palatial southern plantation home. He brought his slaves with him and this was the first plantation in Nodaway county. On the plantation Mr. Prather established the first private school in the county. Here his children received college education.

While Mrs. Mulholland was yet a student, Dr. David Mulholland came to the plantation as an instructor. Here Cynthia Prather and her teacher met, and in the month of May, 1858, they were married. Mr. and Mrs. Mulholland moved to Maryville, where the former was a prominent man in his profession until his death in 1882. To Mr. and Mrs. Mulholland were born eight children, four of whom are living.

Mrs. Mulholland was an extensive reader and a deep student. During her illness she was patient and uncomplaining, a woman beloved by all who knew her. She is survived by four sons, James A., Charles A., George B. and Harry D. Mulholland, all of Maryville, and a sister, Mrs. Ed McMillan, of this city. Mrs. McMillan is the only surviving member of the family of ten children.

The funeral services will be held at the residence tomorrow afternoon at 3 o'clock. The Rev. William Moll Case of the Presbyterian church will conduct the services. Burial will be in Oak Hill cemetery. The body will lie in state from 9 until 12 o'clock tomorrow morning.

**SCOVILLE CONTRACT SIGNED** Great Evangelist Will Probably Open Meetings in Maryville September 1—Unanimous Call. Charles Reign Scoville will come to Maryville in September to hold a union meeting. At a meeting of laymen from the various Protestant churches held yesterday afternoon at the First Methodist church it was unanimously voted to bring Scoville here and accept the terms of his contract.

A night letter was wired him that the contract had been signed and was on the way. In the letter to the Rev. R. C. Holliday, secretary of the Ministerial Alliance, Scoville said he would hold the meeting here September 1, but would not hold the date open.

A motion was made and carried to appoint an executive committee composed of two laymen of each of the Protestant churches. This is only tentative, as Scoville may have a different plan.

PRESENTS IMPORTANT CONFERENCE RESOLUTION. PRESIDENT ACCEPTS GERMAN ANSWER TO DEMAND.

## COX TO ATTEND 3 WEEKS RESERVES FUTURE RIGHT

M. E. Pastor Will Write Letter to This Paper, Telling of General Conference Work. U. S.-England Relations Our Own Affair—Kaiser Appeals to Pope for Peace.

Dr. W. F. Burris of Maryville, superintendent of this district of the M. E. church, had the honor last Wednesday of introducing as a resolution from Missouri, one of the important papers of the general conference at Saratoga Springs, N. Y., to which he is a delegate.

The resolution called upon the national political parties to put a national prohibition plank into their platforms. An effort was made to refer the measure to the committee on temperance, but on motion of Dr. W. F. Burris the resolution was adopted by the conference as a whole.

The Rev. G. S. Cox, pastor of the First M. E. church here, left last night with the Rev. C. H. John for the conference. They will remain seventeen or eighteen days. While Mr. Cox is gone, Mrs. Cox and the children will visit with her parents.

Mr. Cox carries with him a press credential as a correspondent of The Democrat-Forum at the conference. The text of the resolution presented by Dr. Burris and signed by all the Missouri delegation follows:

**Text of "Missouri" Resolution.** "Whereas, It is certainly the part of wisdom to make aggressive movements in the interest of great causes when public opinion is favorable thereto; and

"Whereas, There is a widespread and growing sentiment in favor of the prohibition of the liquor traffic, in all its hateful forms, throughout the United States, and the time is opportune, therefore, for such movements; and

"Whereas, A great political campaign is impending, and the national conventions of the great political parties in this country are soon to be held for the purpose of formulating platforms of principles and for the further purpose of nominating candidates for president and vice president; and

"Resolved, That the general conference of the Methodist Episcopal church, representing a membership of more than three and a half millions, in the United States, and a constituency of from twelve to fifteen millions, assembled in the city of Saratoga Springs, N. Y., in the interest of good morals, sober citizenship, clean national, state and municipal government—indeed, in the interest of everything that tends to promote prosperity and happiness among the American people, hereby calls upon each of these national conventions to incorporate in

We are authorized to announce the candidacy of James H. Hull of Platte City for representative in congress from the fourth congressional district, subject to the action of the Democratic primary, August 1.

## For Treasurer.

We are hereby authorized to announce the candidacy of Tom Wallace for the Democratic nomination for treasurer, subject to the action of the Primary, August 1.

We are hereby authorized to announce the candidacy of James Blagg for the Democratic nomination for treasurer, subject to the action of the primary, August 1.

We are authorized to announce the candidacy of Gabe Purcell for the Democratic nomination for sheriff of Nodaway county, subject to the action of the primary, August 1.

The very large vote that has been polled in the several states for Woodrow Wilson, unopposed candidate for the Democratic nomination for president, indicates that the country will be overwhelmingly for him in November.

An Illinois man, one of the heirs to a large estate, who has been declared legally dead by a court because of long absence, has returned to claim his share of the money. He is likely to be jailed for contempt of court.

## THE CIRCUIT JUDGESHIP.

The retirement of Judge William C. Ellison from the race for a renomination for the office of circuit judge for this district leaves the field, so far as Nodaway county is concerned, to John M. Dawson. Judge Ellison has determined that his health will not justify the strenuous demands of a campaign, and he prefers a complete restoration to good health rather than a continuation in office.

Judge Ellison has been for many years a valued and distinguished citizen of Nodaway county. As a lawyer and as a judge of the court he has shown rare ability, and he is richly endowed with those qualities of personal honesty and official integrity that mark the really big man. He is still in the prime of intellectual force and activity, and, with health fully restored, has many years of service remaining.

John M. Dawson will be a worthy successor on the bench. He is an able lawyer, a genial gentleman of the highest order, and his integrity has never been challenged. He has spent his whole life in Nodaway county, and it is without a stain. He is thoroughly rooted in the fundamentals of law, is a clear, quick reasoner, a successful practitioner, and is richly endowed with those qualities necessary to a fair and impartial judge. With Judge Ellison out of the race, he will get the solid vote of the Democracy of Nodaway county, and will add much strength to the ticket in the general election. He is a forceful, dignified campaigner, and it is to be hoped that the remaining counties in the circuit can see their way clear to give him their support without opposition.

## TEXAS AND ALL BORDER INCENSED

(Continued from page 1.) sweeping fifteen miles inland on American soil, raided the little settlement at Glen Springs and attacked a detachment of American cavalry, consisting of nine men of Troop A of the Fourteenth cavalry.

Three troopers and a little 10-year-old boy were killed, two cavalrymen were wounded and another is missing. He is believed to be a prisoner of the bandits, who are now fleeing southward into Coahuila, Mexico.

## Fears for Two Others.

Two American citizens, J. Deemer and a man named Compton, according to reports received here, were carried across the Rio Grande and reports have it that their throats have been cut. A posse of fifty citizens of Marathon tonight is in pursuit of the Villistas.

## Texas Governor Aroused.

El Paso, May 8.—Many rumors are afloat today that Governor Ferguson of Texas is determined to take matters into his own hands and call out the militia of his state to patrol the border and to prevent any more border raids.

Orders have already gone forth to the ranger captains to proceed at once to Glen Springs. General Funston is said to be confronted with the proposition of needing thousands of soldiers more, and none are available, unless the coast artillery or state militia are called upon. Two companies of the Eighth cavalry left for Marathon this morning.

## Carranza is Reminded.

Washington, May 8.—Secretary of State Lansing announced that the consul at Mexico has been instructed to call Carranza's attention to the Glen Springs raid. No demands were made, it was asserted.

## Tried to Kill Obregon.

El Paso, May 8.—A plot to kill General Obregon was uncovered at Juarez today, and two companies of soldiers, including officers, were jailed. The plot declared to be closely connected with the Glen Springs raid. It was organized at Glen Springs, and the raid was staged by the enemies of both countries.

## Notice to Car Owners.

The drivers of the cars that will go to Conception Wednesday afternoon are requested to meet at the I. O. O. F. hall at 1 o'clock that afternoon.

## Jitney Without License.

## 5 RECORDS FALL; 2 ARE EQUALLED

(Continued from page 1.) of St. Joseph, lowering his own 1914 record of 27.2-5.

Broad jump, 21 ft. 9½ in., by Castle of St. Joseph Central, raising Simpson's mark of 21 ft. 1¼ in. in 1913.  
Relay race, half mile, in 1 min. 49 sec., by St. Joseph Central team, lowering their own record time in 1914 of 1:40.3-5.

## TWO RECORDS EQUALLED.

100-yard dash by Castle of St. Joseph. Now co-holder of record with Niedorp of St. Joseph Central in 1913. Time, 10.1-5.

High hurdles in 17 flat, by Cash of St. Joseph Central, equalling Rice of St. Joseph Central in 1914.

The tale of Maryville's and north-west Missouri's greatest track meet is almost told in the foregoing records, except for the winners of every event. It will probably snow three feet deep in August here before another meet is held in which five records fall and two are equalled.

It was almost a perfect day, except for a light breeze from the southwest. This helped the dashes, but slowed down the distance runners somewhat. An indication of the good standing of the meet may be obtained by noting that in the Missouri-Ames and the Kansas-Nebraska meets Saturday, the time in the 100-yard dash was 10.2-5. Here in a high school meet it was run 1-5 second faster.

The sun was oppressively warm for the spectators, but it kept the athletes in good trim and they showed the results into all competition. The "dope" ran true to form and the records which were expected to fall took the tumble.

The "oldmancode" also sustained his reputation for Mock, New Hampton; Castle, St. Joseph; Stone, Ridgeway; Ralph Yehle, Maryville, and Glick, Breckenridge, were the stars.

## Castle or Mock, Greatest.

There will always be considerable argument as to whether Castle or Mock shone the most brightly. The New Hampton boy was the most versatile, as has been shown, but Castle was the more brilliant in smashing two records and equalling another.

Ralph Yehle won 8½ of the 9½ points for Maryville, and also smashed Bob Simpson's record in the hop, step and jump. The other Maryville point was made by Claude Glass by taking fourth in the discus.

Probably the keenest competition was in the running broad jump, the running high jump and the pole vault. As an instance of bunching, the records of the four under the winner in the running broad jump are given:

Stone, 20 ft. 1 in.; Mock, 19 ft. 9½ in.; Rogers, Gallatin, 19 ft. 8½ in.; R. Yehle, 19 ft. 5 in.

In the events in which there was a tie the points were equally divided, but it was necessary to draw for the medals. In the pole vault Maryville drew the silver, Ridgeway the bronze, and Chillicothe the ribbon. In the high jump Bosworth drew the silver medal, Maryville the bronze, and Breckenridge the ribbon.

One of the rules of the meet is that St. Joseph shall not get medals in events in which they compete with class B and C schools, but shall have a special medal made for them in the events in which they win places, and the other medals are distributed down in order to the schools below.

## Special Trophies for St. Joseph.

The special trophies which have been ordered for St. Joseph Central are: Gold medals in the 440, running broad, 220 hurdles, 120 hurdles, 100-yard dash; silver, in 220 hurdles; bronze in 120 hurdles and 100-yard dash; ribbon in shot put.

A slight rain cooled things off nicely about 8:30 o'clock. The St. Joseph special got started back about on time,

as the wreck near Arkoe was cleared away at 5 o'clock.

## Central Has Great Relay.

Watson of St. Joseph, running third in the relay, won that event or kept Castle from having to exert himself greatly by taking a 5-yard handicap and handing a 5-yard lead in his 220 shot put—Mock, New Hampton, first; McPeck, Breckenridge, second; Humphries, Bosworth, third; Bealls, fourth. Distance 40 ft. 3 in.

120-yard hurdle—Cash, Central, first; Mock, New Hampton, second; Albus, Central, third; Glick, Breckenridge, fourth. Time, 17 flat. (Equals record.)

Discus—Mock, New Hampton, first; Shaffer, Mound City, second; Phillips, Trenton, third; Glass, Maryville, fourth. Distance, 100 ft. 4 in.

220-yard dash—Pixlee, Liberty, first; Saville, Grant City, second; Simpson, Bosworth, third; Hardin, Maitland, fourth. Time, 24.3-5 sec.

Running high jump—Stone, Ridgeway, first; Hubbard, Bosworth; Bristow, Breckenridge; R. Yehle, Maryville; Murphy, Central, all tied for second. Height, 5 ft. 6½ in. (New record.)

Hop, step and jump—R. Yehle, Maryville, first; Rogers, Gallatin, second; Stone, Ridgeway, third; Glick, Breckenridge, fourth. Distance 42 ft. 8½ in. (New record.)

## Over 1,600 Paid Admissions.

The receipts at the gates Saturday was more than \$400, but the exact amount has not been fixed yet. The literary meet attracted a \$125 crowd. As the admission was 25 cents, it will be seen that the attendance Friday night was 500 and at the track meet more than 1,600.

## SUMMARY.

A summary of the events follows: 100-yard dash, finals—Castle, St. Joseph, first; Pixlee, Liberty, second; Watson, St. Joseph, third; Jones, Chil-

licothe, fourth. Time 10.1-5. Equals Niedorp's 1913 record.

"OLD KENTUCKY"  
CHEW THAT  
SATISFIES

Full of Flavor That Lasts  
As Long As the  
Chew Lasts

## SWEET AND WHOLESOME

You have noticed, of course, that every kind of loose tobacco dries up, and loses its flavor and fragrance.

It is only the hard-pressed plug, like Old Kentucky, that retains the juice, and preserves the flavor, for a long period.

A chew of Old Kentucky carries straight to your tongue, where you get the full good of it, the sweet, wholesome, appetizing digestion-aiding juice of the leaf.

Old Kentucky makes a specially healthful and satisfying chew because it is made of ripe, selected, hand-stemmed Burley leaf, pressed into plug in a bright, clean factory, under the most rigid sanitary conditions.

If you haven't tried Old Kentucky you should do so right away. You'll say you never supposed a tobacco could be so fruity-sweet, delicious and refreshing. In 10c plugs.

## MO. CROP REPORT

CORN ONE-FIFTH PLANTED DESPITE WEATHER.

### ALL OATS WELL SEED

Wheat Indications Are \$4.9 to 90 Per Cent Last Year—Apple Prospect Excellent.

Despite unfavorable weather conditions almost one-fifth of the state corn crop had been planted by May 1, according to the Missouri crop report issued today from the office of the state board of agriculture. The report in full is as follows:

Farm work in Missouri during April was retarded by continued cool and cloudy weather. At Columbia the mean temperature for the month was 52.9 degrees; total precipitation 2.68 inches. There is need of warmth and sunshine. The growth of vegetation is being retarded and much seed that has been planted is germinating slowly. Soil condition is 83 as compared with 91 one year ago.

Corn—Nineteen per cent of the Missouri corn crop has been planted, according to reports made to the state board of agriculture. Weather considered, this indicates favorable progress, as the 10-year average shows but 24 per cent of the crop planted by May 1. One year ago 35 per cent of the crop had been planted. The earliest planting for the last decade was in 1910, when 47 per cent of the crop was in the ground by this date; latest was in 1912, with May 1 planting showing but 3.5 per cent. By sections, present planting progress is: Northeast, 13; northwest, 12; central, 15; southwest, 29; southeast, 27. Estimates show 61 per cent of corn land plowed, as compared with 70 per cent last year. A preliminary estimate by correspondents shows an 8 per cent increase in corn acreage as compared with the 1915 crop of 7,218,590 acres.

Wheat—Early in April wheat gave promise of improvement, but later in

### Henson's Pleased With Texas Home

Trinity Texas, May 2, 1916.  
Otis & Strong & White, Maryville, Mo.

It has been rumored here to me that parties back in Missouri have spread the report that we are leaving, or going to leave Texas. Would say that there is no truth to the story. It has never entered my head, as yet, to leave Texas. Would say that I am well satisfied as can be, and am getting along with our work as well as I could expect to. We have about twenty acres cleared and broke, but did not put in our crop until we got our fencing which was late in getting to us. We are having fine rains and everything is looking good. There is a great deal of fencing being done all over the country. I want to say that there are big opportunities in this part of the state, and it is a fine place for lots of renters in Nodaway county, as land here put in cotton or peanuts, even, will pay for itself the first year. This may sound fishy, but it is true. Of course it is not all sunshine here either. It has some drawbacks too, but they are easy overcome. Some corn is about waist high. Cattle and hogs are fat. George Otis and family are all well and seem to like it better every day. I am thinking of opening a dairy. Milk sells in Trinity for 10c a quart, and butter at 30c and 35c a pound. If any Nodaway county boys come to this country, come and see me and I will tell about the good points and the drawbacks, too. You can publish all of this letter if you want to.

Yours truly,

CHARLES HENSON,

Trinity, Texas.

### DEATH TO K. OF C. VISITOR

John J. English of Moberly Dies of Heart Failure—Body to Marcelus, N. Y., Home of Son.

John J. English, 59 year old, died suddenly at the home of Mrs. Jennie Zook, corner of Buchanan and Second streets. Heart failure, caused by acute indigestion, was the direct cause of his death at 4:15 o'clock this morning.

Mr. English came here Saturday to attend the Knights of Columbus convention, which will be held here tomorrow and Wednesday.

He was here several years ago selling vacuum cleaners, and at this time joined the Knights of Columbus. In the last few months he had his membership transferred to Moberly, where he made his headquarters.

When he went to the Zook home to obtain rooms yesterday, he complained that he did not feel well and did not eat dinner.

He ate an unusually hearty meal in the evening and seemed to be feeling well. At 3 o'clock this morning he awakened the household and was found to be desperately ill. Dr. F. M. Ryan was called, but he died in thirty minutes.

The body will be shipped to Marcelus, N. Y., for burial. He is survived by a son and daughter, who live there.

Miss Lillian Smith, who has been the house guest of Miss Helen Dean for the week-end, will leave in the morning for her home in Mound City.

Mr. and Mrs. A. T. Clark and daughter Miss Amye, Mr. and Mrs. Roy Collins and son Tommy, motored to Clarinda, Ia., yesterday and were the guests of the former's son, Orif Clark and Mrs. Clark.

Jessie Miller Jr., who came home to attend the track meet left this morning for Liberty, where he is a student in William Jewell college.

the month many fields indicated a loss rather than gain. While condition in a few counties has improved, the state as a whole shows a loss, since April 1, of 3 points. Present condition is 62.3. By sections, condition is: Northeast, 55; northwest, 72.5; central, 59; southwest, 59; southeast, 68. Wheat condition one year ago was 90, while the 10-year average May 1 condition shows 84.9. Lowest for the decade was 63.4 in 1912, when the average acre yield was 12.6 bushels. Highest was 191.8 in 1914, when the crop averaged 17.1 bushels. With favorable weather for corn planting and with no further improvement in wheat, it is estimated that 18 per cent of wheat sown in fall of 1915 will be replaced by other crops. However, only a small per cent of this has been plowed up at the present time. An acreage seeded for 1916 crop was 17.3 per cent short, a further reduction will, at best, mean a limited total yield.

Oats—Practically the entire oat crop has been seeded, the only oat sowing remaining being in the extreme northern counties. Acreage, as estimated by correspondents, shows 190.4 per cent as compared with 1,063,000 acres in 1915. But for unfavorable weather, this would have been larger. By crop division sections, acreage percentages show: Northeast, 98; northwest, 101.5; Central, 100; southwest, 108; southeast, 94. Reports as to condition of oats are generally favorable, showing 89 for the state. Sections differ but little. However, the southwest, with 84, is slightly the lowest on oats.

Other crops—Condition of all clover is 85.6. New clover is in good shape, while much old clover is dead. Timothy condition is 92; alfalfa, 80.2. Pastures, especially where not grazed too close last year, have made progress and stock generally has been turned to grass. Condition of pastures is 90.6. Cotton will show an increased acreage over last year's crop. This increase may amount to 10 per cent. A large per cent of the crop has been planted and there is fear that the cool, wet weather may injure the stand. The outlook for a general fruit crop is 79, with the apple prospect excellent. Peach crop outlook is placed at 30, the southeast section leading with 66. In the northern half of the state the few scattered peaches will be confined almost entirely to seedlings. The berry outlook is excellent. In many localities cherries and plums will be light, owing to late frost.

Live stock—Live stock is generally thrifty and in good health. There is, however, some complaint of clover bloat, also of cattle dying from eating old clover improperly cured under the unfavorable harvest condition of last year. There is but little complaint as to hog cholera.

### SIMPSON SETS WORLD MARK

Bosworth Flier, Who First Starred Here in 1913, Ran High Hurdles in 14:45 Saturday.

Special to The Democrat-Forum.

Columbia, Mo., May 8.—The fact that Missouri University beat the Ames Farmers, 80 to 47, in track on Rollins Field Saturday afternoon was a mere detail of the annual dual meet. The big excitement was Bob Simpson, who, scoring twenty of Missouri's eighty points, breaking a world's record of fifteen flat in the high hurdles, and running well in the final half-mile relay, was the feature of the meet, and his race was the event that will make the Tiger-Ames track meet of today long remembered here.

Simpson was at his best in the 120-yard hurdles. Running against the wind, he made a pretty race, finishing twenty-five feet ahead of Packer, the Ames hurdler. Four watches were set on the 120-yard hurdles and three caught Simpson at 14 4-5 seconds, while the fourth made at 14 3-5.
